

TWO-ROOM SAUNA · ELECTRIC · 6–8 PEOPLE

The Panorama

A contemporary two-room sauna with a tall front window, insulated walls and roof, and a 9kW Harvia Cilindro electric heater.

SEATS 6–8 people	SIZE 3.3 × 2.44 m	HEIGHT 2.36 m
HEATING Harvia 9kW electric	INSIDE AREA 6.0 m ²	FRONT WINDOW 1.44 × 1.95 m

OVERVIEW

A sauna for the modern garden

The Panorama is a sauna for the modern garden: clean lines, spruce cladding, and a front window that stands nearly two metres tall. Step into the changing room, with its own bench for changing and cooling down, then through to the sauna room, where deciduous wood benches face out onto the view.

A 9kW Harvia Cilindro heater brings the warmth with a touch of its Xenio control, while rock wool in the walls and roof helps hold it there. Soft LED lighting carries the evening on long after dark.

YOUR COLOUR CHOICE	Stain or paint, spray-applied in the factory

PLANNING YOUR SPACE

Site and running

BASE	Level, waterproofed concrete base built to the manufacturer’s drawings. Required for the warranty.
ACCESS	Delivered fully assembled or as a flat-pack kit, so we can usually find a way in. We review access, route and lifting with you first.
POWER	A dedicated hard-wired circuit for the 9kW heater and lighting, installed by a qualified electrician.
RUNNING COST	Estimated £25–55 a month, based on our average customers’ monthly use. We explain the assumptions, including how often you use it, the heating method and the time of year.

JAMES’S TAKE

If your garden leans modern, this is the sauna I’d show you first. That big front window is the whole point: you sit in the heat and look out at your own garden. The insulation and electric heater make it easy to use on an ordinary weekday, not just at weekends.

James Outdoor Wellness Specialist

Figures are from the manufacturer’s specification and may change. Nothing is final: James confirms the product, access, base, warranty terms and specification with you in writing before any money changes hands.
